# Who Bought This Also Bought M2 Module

## Overview

Magento 2 extension “Who Bought This Also Bought” gives your customers an idea about other useful products your store might have. If your store has more than a few products, it is very important that you automate recommendations of related products.

This extension searches through the database for other purchased items along with the currently selected product. If it finds anything, it suggests those products to the customer.

“Who Bought This Also Bought” M2 extension brings your cross-sells to the next level.

## Features:

- Ability to choose a status of the analyzed order.
- Ability to choose suggested products (from the same category, from the whole store, from the ‘out of stock’ items).
- Ability to sort by price and popularity.
- Ability to show Related Products, Cross-sells, Up-sells and products.
- Ability to show ‘also bought’ products on the product page and the shopping cart page.
- Different options for the carousel (location, speed and products quantity).
- Ability to make changes to the carousel separately for a product page or shopping cart.

## Installation

**Step 1:** Download the zip package of the module from “My Downloadable Products” in Peexl store.

**Step 2:** Extract the zip package into a folder on your computer. You should see the following folder in the module: app.

**Step 3:** Using FTP client (Filezilla, Winscp...) upload app folder to root folder of your Magento site.

**Step 4:** Using an ssh client login to your server into the root folder of your site and execute the following commands:

```
./bin/magento module:enable Peexl_WhoBoughtThisAlsoBought
```

```
./bin/magento setup:upgrade
```

```
./bin/magento setup:static-content:deploy
```
